

L-Port Manual Stainless Steel Ball Valve

3-Way Configuration | NPT Thread | 1/4" to 2"

Features

- 3-way L-port ball valve design
- L-port flow path allows switching between two outlet or inlet lines
- Multiple flow configurations depending on handle position
- Reduced port design suitable for controlled diversion service
- Investment cast body for improved structural integrity
- 304 stainless steel wetted components for corrosion resistance
- Blow-out proof stem design for improved operational safety
- Quarter-turn manual lever handle for quick open/close
- Locking handle device for safety and position
- Bi-directional service capability depending on installation configuration
- Female threaded end connections: NPT (ANSI B1.20.1)
- ISO 5211 mounting pad for actuator mounting or future automation

Approval and Compliance

- PED 2014/68/EU
- Inspection Testing: API 598, EN12266-1

Materials of Construction

Valve Parts	Material
Body	SS304
Components	SS304
Ball Seat	PTFE
Packing	PTFE

*Consult a chemical compatibility expert for correct seal and valve body material choice.

Industrial Applications

- Flow Diversion Between Two Process Lines
- Tank Selection System
- Fluid Routing System in Process Equipment
- Compressed Air Line Switching
- Water Distribution and Utility Service Lines
- Chemical Transfer Systems (Compatible Media)
- Batch Processing Systems
- Instrument Isolation and Switching
- Pneumatic Utility Lines
- HVAC Water Circulation Systems
- Equipment Isolation for Pumps and Tanks
- Agricultural Water Systems
- Industrial Cleaning Systems
- Sampling and Test Systems
- General Plant Fluid Routing Applications

*These are not intended for use in medical life support, combustion, aviation, aerospace, automotive or similar applications.

Valve Specification

Pipe Connection		Max Operating Pressure	Media Temperature (°F)	
Size (in)	Thread Connection		Min	Max
1/4 to 2	NPT Female	1000 WOG	-4	356

Note: Pressure ratings are for water, oil, and gas (WOG) service under non-shock conditions.

Pressure-Temperature Rating

L-Port Manual Stainless Steel Ball Valve

3-Way Configuration | NPT Thread | 1/4" to 2"

Parts List

No.	Valve Parts	Material	Qty
1	Body	SS304	1
2	Cap (A)	SS304	1
3	Ball Seat	PTFE	4
4	End Seal A	PTFE	1
5	Stem Packing	PTFE	1
6	Bushing	SS304	1
7	Belleville Washer	SS304	2
8	Stem Nut	SS304	2
9	Washer	SS304	1
10	Lug Washer	SS304	1
11	Stem	SS304	1
12	O-Ring	NBR	1
13	Thrust Washer	PTFE	1
14	Ball	SS304	1
15	Lock Device	SS304	1
16	Handle	SS304	1
17	Handle Cover	PLASTIC	1
18	Cap (B)	SS304	2
19	Positioning Bolt	SS304	1
20	Little Washer	SS304	1
21	Nut	SS304	1
22	End Seal B	PTFE	2
